This apartment is located in a quiet cul-de-sac in Los Balcones with all facilities just 10 minutes walk away. It is on a corner plot with its own private pool. You enter the property through a very pretty courtyard which has plenty of storage available. Through a small archway you come to a private oasis which has your own private pool, sunbathing terrace, shower and an independant casita that is ideal for a second bedroom. Through patio doors you enter into a good size air-conditioned lounge and dining area with a very functional semi-independant kitchen. To the side of the lounge is a good size and very useful double sided storage room. To the rear of the property is the double bedroom with plenty of built in and standalone wardrobe space, air-conditioning and ceiling fan. The bathroom is light and airy with its own window for good ventiation, shower and washing machine. A great little apartment..... it is a must see !
